

SUPER CLEAN 13 AVIATION SMOKE OIL

Super Clean 13 Aviation Smoke Oil is the World Class smoke oil for your aircraft! Whether R/C or full scale, our product is best.

Super Clean 13 Aviation Smoke Oil is a superior, professional smoke fluid which provides intense smoke and high persistence. Crystal clear and non-volatile, it is easy to handle and will not attack foam. With these characteristics, electric pumps may be used for easy filling and emptying of on-board tanks.

Froggy's Super Clean 13 Aviation Smoke Oil Full Scale Formula gets rid of the mess and it is super dry and leaves little to no residue.
